

### Golden Gate Swim 2009 - Results as reported by Dan Needham

Some started from the beach. Some started from the boat. Some had wetsuits. Some had fins. Some folks didn't shout numbers or they weren't heard. Some called out someone else's number. Some folks finished "in a pack" and not all in the pack were recorded. Some times or names may be wrong. If you have a "?" next to your name, but know who you finished near, look at their time. I believe all had a good time on a beautiful day under the Gate!

Everyone who entered the water came out of the water.
